RESPONSIBLE TRAVEL PROJECT

Donated Incinerator
Responsible travel project funded by Royal Enfield donated incinerator on 28 January 2022 to Government Tribal Welfare School at Top Slip to develop hygiene practices among adolescent girl students. 280 beneficiaries participated respectively. 95 among them were identified with vision issues will be given spectacles and those who need surgery will also be supported. 211 beneficiaries were linked with the Nala Varilyam scheme through get together programs.

LIFE PROJECT

Get Together Programs
Get-together programs were organized at three different places—Dharapuram, Udumalpet and Tirupur with 132, 103 and 231 participants respectively. It became an opportunity for the PLHIV to get connected among them and share their issues and perspectives about life after HIV infection. The get-together was especially useful for newly enrolled PLHIV in the project as it made them more accepting of their condition.

Along with get-together program, medical camp and eye camps were also organized in all the three places in which a sum of 161 and 230 beneficiaries participated respectively. 95 among them were identified with vision issues will be given spectacles and those who need surgery will also be supported. 211 beneficiaries were linked with the Nala Varilyam scheme through get together programs.
